ASSEMBLY INSTRUCTIONS

CAUTION! Make sure electricity is off before and during installation or maintenance. The luminaire must be installed by a qualified professional in accordance with all applicable local regulations.

Suitable for Wet Locations. Wall Mount Only.
Install the entire luminaire above 1.2 m (4 ft) from the ground.
The installation location must support the product weight. Use appropriate fixings and secure to structural elements where necessary.

Models

Puck
Belinda
Juliet
Vega Open
Vega
Venera
Atria
Elara
Katrine
Lind

Description: Wall sconce, single-screw mounting.

Composition: Ceramic and tempered glass, except Lind: ceramic body, without glass.

Rating: 120 Vac, 60 Hz
1 x E26, 60 W Max

Installation instructions

1) Remove the protective packaging carefully. Avoid damaging parts with sharp surfaces or objects. Place the parts on a horizontal surface; use the packaging to protect the surface and parts from scratches or damage as needed.
2) Turn off the electricity before starting installation.
3) Remove the cover or old fixture from the junction box (JB).
4) Attach the crossbar (CB) to the junction box (JB) using suitable screws (S), not supplied.
5) Connect the electrical cables (EC) in accordance with applicable local codes.
6) After making the electrical connections, place the excess electrical cable (EC) inside the junction box (JB).
7) Secure the fixture to the crossbar (CB) using the screw (S1) and washer (W). Tighten by hand until securely in place.
8) Install the light bulb (not supplied). Turn on the power. The fixture is ready for use.

ENGLISH REVIEW DRAFT - 05 NOV 2026
Wet Location wording is subject to UL review and approval.

ATTENTION! Failure to comply with the instructions in this manual may cause accidents and void the product warranty. It is recommended that you read these instructions completely and carefully before proceeding. Make sure that the rated voltage requirements of the luminaire are compatible with the electric supply. Improper installation may cause property damage, fire, personal injury, or death. This Installation Manual is intended only for qualified electricians with proven knowledge about electrical installations and should be used as a manual for installing luminaires. All manufacturer's instructions accompanying the product must be followed. We stress the need for knowledge about electrical installation; hire an electrician.

Save these instructions for future reference.

Geo Contemporary warrants coverage against manufacturing defects, including electrical components and finishes, for a period of 3 years under normal conditions of use from the date of purchase. For warranty service contact your local dealer for more information. Proof of purchase date will be required for warranty validation.

The Manufacturer's responsibility regarding the product warranty is related to the correct observation of the instructions contained in this Manual. The Manufacturer is not responsible for any damages to the product caused by accidents, alterations of any nature, misuse, or improper installation. See our website for more details on warranty conditions.

Geo Contemporary reserves the right to change the dimensions and specifications contained in this Manual without prior notice, in accordance with its policy of continuous product improvement.
